THE SPECULATIVE MARKETS.

Wheat Nervous and Irregular Throughout the Session.

A DECLINING DAY IN CORN.

Oats Rule Firm and Advance Sharply-Not Much Done in Provisions-Cattle Fairly Active-Hogs Brisk-Quotations.

CHICAGO PRODUCE MARKET.

CHICAGO, July 9 .- [Special Telegram to THE BEE. |- The wheat market opened excited and irregular. Trading was largely in August at the beginning, though December was active. There were sales for December delivery at 84 c and 84c at the same time in different parts of the pit. The early tendency of the market was strongly downward. The impression produced was that "foreigners were selling" and scalpers followed the lead en masse in that belief. Hutchinson was by common consent given rank as the largest buyer and the principal support of the market. There was free realizing for local speculative account, and this served to depress values considerably. There was nothing in cables to justify the belief that extensive speculative selling emanated from England or the onlinent, and the theory was entertained by not a few traders that local and New York people were doing the pounding. The commission houses had a good many buying orders to-day, chough to have advanded the market had it not been for the unexpectedly heavy speculative pressure. As it was the market recovered quite sharply %c, but from the moment the visible supply statement was posted the weakness intensified. A battle was fought around 81%@81%c for August, but after the price got below 81%c the descent was easy. August went to 81½c and December to 82½c. Many of the little longs who had bought on the advance a few days ago dumped their loads on the weak market, and the aggregate of such offerings was large. The attitude of several of the leading operators excited their alarm and distrust, but by far the most dispriting influence very was the apprehension that was generally felt that the revernment report due to ally feit that the government report due to-morrow would be a bearish document. Many think that the June report did not represent the true extent of the damage to winter wheat, but nothing occurred in June to lower the conditions as they existed at the beginning of the month, while the prospects for spring wheat, corn and oats are certainly generally impaired. This ex-plains, therefore, the underlying cause of the anticipation of official circulation of an improved outlook. The close at 1 o'clock was fractionally above the bottom, with July resting at 82\(^1\)\, c, the premium over August having widened to 1\(^1\)\, c. The average shrinkage for the day was 1\(^0\)\, and the feeling at the end was nervously weak. Crop reports are not changing radically. The weather in the southern winter wheat belt is clearing off, but much of the area is said to be badly under water and not in shape to permit the satisfactory progress of haranticipation of official circulation of an im-

vesting.

The corn market did not fulfill its early prom.se., it opened strong and from 14 to 950 higher, but sold off, not steadily, but none the less surely to the close. The announcement of a large decrease in the visible supply found a great many longs ready to sell. They were apparently waiting for a good time and place to sell, and as usual they acted together, with the world result. A great which covered at all covered at all they usual result. August, which opened at 51½c, sold off to 49½c and closed there. Strong local operators, headed by Cudaby, were free sellers, and Hutchinson led the buying in corn as he did in wheat. New York was also a good buyer.
Outs ruled firm and the new crop future

to permit the satisfactory progress of har-

advanced sharply. A portion of the improve-ment was lost later in the day, July declining in sympathy, but closing at Saturday's last quotations. August left off 3sc higher

than Saturday. The provision trade opened weak in a quiet manner. The cash product sold with a little more freedom, but there was no increase to speak of in speculation and future trading scarcely reached a moderate volume. In a speculative way the market was narrow, and was saved from being practically featureless by a sharp break of 10c in lard late in the day. This article was strong early, and even promised to rule higher. Later the support ustaining it was suddenly withdrawn and at sustaining it was suddenly withdrawn and at the close lard for both cash and future de-livery rested 7½c under Saturday's last fig-ures. Short ribs and pork were relatively stronger than lard, though the advance actu-ally established in the former was only 2½c and in pork 2) 665c. The favorite future de liveries were again August and September.

CHICAGO LIVE STOCK.

CHICAGO, July 9 .- [Special Telegram to THE BEE. !- CATTLE-The estimated receipts were 8,500. The market opened active and fully as high as on Saturday on best natives, but later, and especially at the late close, values ruled a shade lower, some of the later sales showing a decline of 10c as compared with the opening. The prime cause of the drop was the large run in New York-130 cars-and a decline of 1256@25c below Friday's rates. Then again there were 9,300 cattle in sight at Kansas St. Louis and Omaha. Of course the bulk of the cattle at western points were Texans, but they fill the want and at all times have more or less effect on natives. In Chicago Texans sold fully as strong as last week, but the run in the west strong as last week, but the run in the west would indicate a fall in prices, as the great bulk will find their way to Chicago. Native butcher's stock sold a shade better on account of the light run and the slight advance on Texans, year calves making \$2.50(3.50 for Texans, and \$3.25(3.50 for natives. Quotations are as follows: Choice to extra beyon. and \$3,2563.30 for natives. Quotations are as follows: Choice to extra beeves, 1400 to 1600 lbs, \$5,2062.35; medium to good steers, 1350 to 1500 lbs, \$5,4065.95; 1200 to 1350 lbs, \$4,0665.40; 350 to 1200 lbs, \$4,4065.00; \$4,0665.40; 350 to 1200 lbs, \$4,4065.00; \$4,0665.40; and feeders quiet and unchanged at \$2,5063.30; cows, bulls and mixed firm at \$1,8063.30; bulk, \$2,5062.85; slop fed steers, \$4,8565.90. Texas cattle were in good demand and firmer; steers, \$2,4063.75; bulk, \$2,7563.15; Texas cows, \$1,5062.30. \$2.75@3.15; Texas cows, \$1.50@2.30. Hoos—The receipts were 17,000. Business

was active with an up-turn of a strong 5c on was active with an optimal of a strong 5c on all classes. Best beavy made \$5.09.65.55, one load at \$6 and two lots of Philadelphias at \$5.05, mixed sold larrely at \$5.85,65.90, and common mixed at \$5.75,65.80. Light sorts sold at \$5.80,65.90.

FINANCIAL.

New York, July 9 .- [Special Telegram to THE BEE. |- STOCKS-The feeling among stock operators was chiefly bullish. A rumor was affoat that a bull pool of New York and Chicago operators had been formed with the special object of lifting the grangers. They base their operations on the improved crop prospects in the southwest and northwest; also in the better earnings made of late. They are confident that values have seen their lowest point for the present, and although there may be a slight reaction, the tendency, they claim, is to a higher level. The opening was quiet and fairly steady, first sales being at but slight changes either way from Saturday's closing quotations. A weak tone set in however and fractional losses were sustained in carly trading, which ranged up to % per cent in Missouri Pacific, followed by St. Paul and Northern Pacific preferred with 14 each. The decline was checked, however, and early losses were generally regained, with something in addition, Reading and Missouri Pacific being especially conspicuous in the advance. The market became weak about noon and prices declined 1/4 to 3/4 from open ing figures. Gould was reported ill. Rumors were also affont that there had been heavy selling of Missouri Pacific of late. These reports had a depressing effect, and, coupled with the continued reduction, of

cidedly depressing effect on the general market. The reduction of dressed beef rates has been so severe that they are almost down to nothing. Roads formerly received \$110 to \$120 per car, while at present figures they get about \$30 a car, leaving little or no profit for the carrier. The shorts have covered freely of late, and room traders who were instrumental in advancing prices of late sold freely. The last hour witnessed a slow, weak market, last sales being at nearly in side figures and recorded declines extending to 1%. Rock Island headed the list. Burlington lost 134, Lake Snore 34, St. Paul 34, Northwestern 1, Union Pacific 34, Puilman

34. Total sales were 118,768 shares. GOVERNMENTS-Government bonds were

Live Stock Notes.

Good cattle higher. Hogs advanced 5c.

Top on hogs \$5.65 and \$5.90 on cattle. A. L. Chandler, Aurora, tipped the hog market. D. Silves, Sutton, was among the cattle

men at the yards. P. J. Murphy, Rogers, and George Thrush, Schuyler, were in with hogs, Since June 1 Omaha has received 20,053

hogs more than Kansas City.

Lee Love, of the firm of McCloud, Love & Co., was here from York, Neb. Charles A. Wood, of Chicago, is visiting his brother, W. E. Wood, of the firm of Wood

Among those who came in with cattle were W. N. Richardson, Red Cloud, and Eli Decker, Phillips. Sutton was represented by F. C. Matteson

who marketed four loads of very fine 1505-16 western cattle of his own feeding. They topped the market at 85.90. Bromlield was represented by J. M. Parker, who sold twelve leads of corn-fed westerns of his own feeding. Also by N. F. Lane, who was in with six loads.

There were a good many western men in with cattle to-day, among whom were Joe Hatch, Heber, Utah; S. K. Royle, Sait Lake City, and Mr. Johnson, Clear Water, Utah.

AN INTERESTING TALE. How Wilkes Booth Passed the Pickets

on the Fatal Night. "Did you ever know how Booth passed the pickets on the bridge of the eastern branch of the Potomac that fatal night?" asked a friend of a Philadelphia Times reporter. "I will tell you as it was told to me by the old sentinel who was that night on duty there. A half hour be-fore the time agreed upon by Booth to meet Harold, the latter, who had lived in the neighborhood of the bridge all his life, and who was across the river in the little village of Uniontown then, crossed the bridge to the Washington side. 'Who goes there?' said the sentinel on the bridge. 'A friend going for the doctor,' replied Harold. 'Pass,' said the sentinel. He quietly rode up Eleventh street to Pennsylvania avenue and Eighth street, and there in the darkness waited until the thundering hoofs of Booth's horse were neard coming down Pennsylvania avenue. The two horsemen then started down Eighth street toward the bridge on that ride for their lives, which ended in Garrett's burning a barn in Virginia, a hundred miles away. 'Who goes there,' rang out on the air from the startled sentry, as the two horses came rushing toward the bridge. Har-old cried out, 'A friend with the doctor.' The two men passed over the bridge, and it was perhaps several hours after the reverberation of the horses' hoofs had died away before the hurry were, and when he found it out he was nearly scared to death for fear he had failed to do his duty."
